field guns, presumably of 76.2-mm caliber. Prior to 20 February, only a rear unit of about 200 soldiers were at the installation. 25X1 [] Comment. [] confirms the Hq 10th Gds Tank Div in
25X1 Kramnitz until 28 January 1953. [] confirms the 31st Gds
25X1 Hvy Tank SP Regt of the 10th Gds Tank Div in Kramnitz until 27
25X1 January 1953. []

25X1 [] Comment. The present information is confirmed []
25X1 [] by order of the Soviet transportation
25X1 Headquarters, of 28 January, shuttle trains for training purposes had
25X1 to be assembled. Of these trains, shuttle train [] had to be made
25X1 available at the Satzborn railroad station for 1 February. []
25X1 [] It is believed that, following the loading
25X1 exercises of units of the 10th Gds Tank Div from Kramnitz, units
25X1 of the 63d Gds Tank Regt of the division from Brandenburg were to
25X1 conduct similar practices.

25X1 3. [] Comment. [] units of the 9th Gds
25X1 Tank Div as well as units of the 2d Light Arty Brig (US) held
25X1 exercises in the area north of Neuruppin from about 12 to 15 February
25X1 1953. The return of divisional units was observed in the Neustrelitz

25X1 Hauptmann Strasse and units of the 234th Mort Regt of the division from
25X1 the Alte Grenadier Kaserne were apparently not back by 20 February,
25X1 it appears that these units received other assignments upon completion
25X1 of the exercises. Definite evidence from Neuruppin military post
25X1 showed that units of the 12th Gds Tank Div were not involved in these
25X1 exercises. []

25X1 [] Comment. It is believed that motor vehicles of the 6th Gds Mech
25X1 Div were loaded on 14 February. It could not be determined whether the

25X1

[redacted] The bulk of the units involved in the exercises northeast of Rathenow, however, went there by road. The trains on 15 and 21 February carried units of the unidentified army AT artillery brigade of the Fourth Gds Meck Army which, [redacted]

25X1

[redacted] transferred from Bernau to Doberitz on 15 February and returned to Bernau from exercises northeast of Rathenow on 21 February.

25X1

It is believed that the signal communication unit of the Fourth Gds Meck Army or GOFG, carried in the cantonment on Breidscheitstrasse, may have left for the army training area prior to the begin of the exercises, in order to prepare communications.
